Margin of Loss; Luhn, Goodnight Score*

Pittsburgh Nips Packers, 18-17; West Noses Out East, 7-6

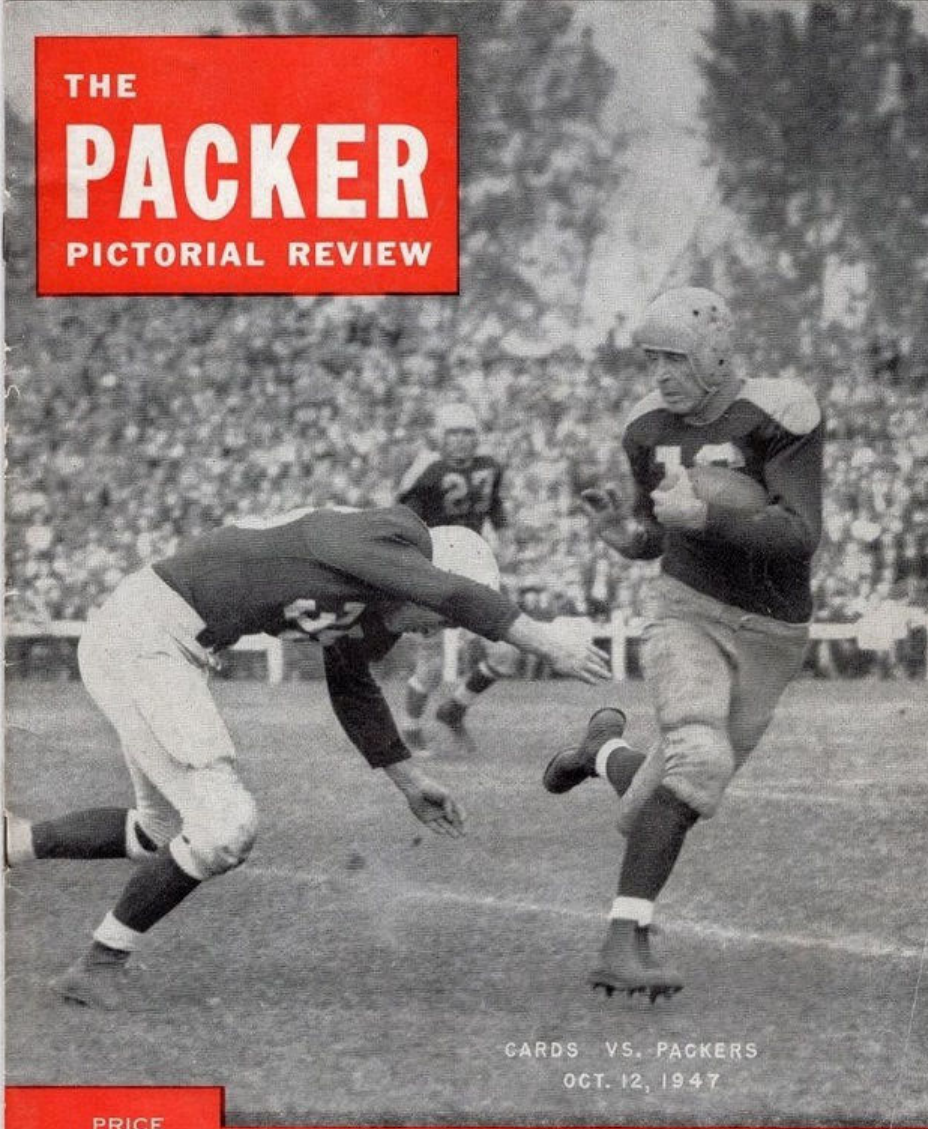

GAME RECAP (GREEN BAY PRESS-GAZETTE)

(MILWAUKEE) - The Green Bay Packers suffered their fifth one-point NFL defeat since 1921 before 30,073 patrons here Sunday afternoon, and the 1947 version was the costliest and most spectacular. The Pittsburgh Steelers were the victors this

Sabbath by an 18-17 score in a weird, but thrilling, encounter that was decided by a safety in the last quarter when quarterback Jack Jacobs was nailed by tackle Ralph Calcagni in the end zone trying to pass. It was Pittsburgh's first triumph over Green Bay in 10 league games since 1933, and it knocked the Packers into a second-place tie with the Bears - Green Bay's opponent in Chicago next Sunday. The other one-point Packer defeats were all 7-6 affairs - three at the hands of the Bears in 1927, 1931 and 1933 and one from the Cardinals in 1935. One or 100 points, the Packers were below par in their final showing on Wisconsin soil.

PASSING WORKS, BACKFIRES

Their running game, which averaged 332 yards in five league games, was virtually stopped with a measly 125 yards; they got into Pitt territory only four time all afternoon; and they were outcharged, outblocked and 95 percent of the time by the light Steelers who gave all appearances of a sharp high school team compared to the Packers' giants. The Packers had one big item, passing, but ironically enough it was a pass attempt that backfired for those two terrible points and another, this by Irv Comp, that Tony Compagno intercepted and ran back 63 yards for a touchdown in the fourth quarter. Jacobs pitched for both Green Bay touchdowns in the fourth quarter. Jacobs pitched for both Green Bay touchdowns, a 69-yard pass play with Goodnight on the greenback end

with three minutes gone in the first quarter and a 26-yard strike to Nolan Luhn with only five minutes left in the game. The Bays penetrated Steeler acres only twice in the first half and both invasions came in the first quarter - the first on Goodnight's touchdown reception and the second for a Ward Cuff field goal from the 15. The Steelers invaded Bayland once in the opening period and came out with three points on Glamp's field goal from the 23. Green Bay didn't get a smell in the second quarter, but lost the services of two tackles, Baby Ray and Urban Odson, in the process of stopping Pittsburgh on the one-inch line. With only 38 seconds left, Johnny Clement pitched 22 yards to Val Jansante in the end zone but Glamp's point kick was blocked by six Packers to give the Bays a 10-9 halftime lead.

PACKERS KICK THEMSELVES

The fur started to fly in the third quarter when the Packers proceeded to kick themselves with penalties. They moved from their own 30 to the Steeler 19 but a holding miscue set them back. At that, the Bays drove to the Pitt 11 before losing the ball on downs. The Steelers booted themselves likewise on the next series when Clement ran 81 yards into pay dirt only to have the play recalled when one of his mates clipped. After Compagno's interception which put Pitt in front, 16-10, Cifers got off a punt that led to Pittsburgh's safety, the ball being downed on the Packer five-yard line. Ed Cody tried the line but was stopped and Jacobs then faded into the end zone. He moved to his right looking for a receiver but three Steelers nailed him - but quick. That made it 18-10 early in the fourth frame. The Packers apparently realized that something drastic had to be done. First, they forced Pittsburgh to punt and then took over on their own 20. Tony Canadeo, Jim Gillette and Walt Schlinkman ran to the 31, Jacobs pitched to Luhn for 12 and to Goodnight for 10; and Fritsch and Gillette raced to the 26. Goodnight got five on a strike from Jacobs but a second down throw to Gillette was incomplete and the Packer backs were in motion as Goodnight picked up five on another Jacobs throw. But on the next down, Jacobs caught Luhn on the two and the Tulsa grad made a two-handed baseball catch for the score. Cuff added the extra point and the count was 18-17 with five minutes left.

CANADEO PACES RUNNERS

The big mob yelled for blood and the Packers caught on, stopping the Steelers cold in three cracks at the line. Pitt punted and the Packers took over on their own 38. Cody and Roy McKay moved it to the 45 in two tries, but the Bays were in motion as Schlinkman hit left tackle. On third down Jacobs' pass went incomplete and the Bays decided to gamble on a fourth down throw, but Jacobs was smeared back on his own 27 as the eager Steelers closed in. The Packers got one more chance but they got over-eager. Bob Forte intercepted a Clement pass on the 25 but the Packers were guilty of unnecessary roughness and Forte's catch was nullified. The game ended a moment late with Pitt on Green Bay's 12. The Packer running attack was far from eager, although loss of Bruce Smith, who works with Canadeo at left half, undoubtedly hurt the Packer offense. Canadeo kept plugging along, gaining 55 yards - nearly half the Bays' total. The three Packer fullbacks picked up a total of only 29 yards, with Ted Fritsch getting 16. The Packers scored with the greatest of ease taking over on their own 35 after Pittsburgh took the opening kickoff and couldn't budge in three tries. The Packers lost four yards in two running plays so Jacobs fired a pass to Goodnight on the 50 from where Goodnight, on the 50 from where Clyde evaded Cifers and

Individual Statistics

Rushing: Pittsburgh—Clement 59 yards in 14 attempts, Lach 37 in 15, Cifers 18 in 9, White minus 1 in 3. Green Bay—Canadeo 55 yards in 12 attempts, Gillette 21 in 8, Fritsch 16 in 3, Comp 12 in 3, Cody 8 in 5, Schlinkman 3 in 2, McKay 4 in 1, Jacobs 0 in 1.
 Passing: Pittsburgh—Clement attempted 17, completed 8, 0 intercepted; Cifers attempted 2, completed 1, 0 intercepted. Green Bay—Jacobs attempted 13, completed 7 for 165 yards, 0 intercepted; Comp attempted 1, completed 0, 1 intercepted.
 Pass Reception: Pittsburgh—Jansante caught 3 for 54 yards, Davis 2 for 53, Lach 1 for 3, Compagno 1 for 12, Clement 1 for 6, Seabright 1 for 6. Green Bay—Goodnight caught 3 for 86 yards, Luhn 3 for 65, Gillette 1 for 14.

went the distance, the touchdown play covering 69 yards. Cuff's kick was good. Now, it was Pittsburgh's turn. With Clement pegging to Davis for 14, Jansante for 15, and Lach running wild, the Steelers moved 59 yards to the Packer 17 before the Bays found their bearings. Glamp stepped back on the 23 and sliced the uprights for three points.

CUFF KICKS FIELD GOAL

Jacobs tried two more passes and both were complete - one for 14 yards to Gillette and another for 27 to Luhn to give Green Bay an excellent opportunity on the 8. But the Steelers wouldn't budge so Cuff kicked a field goal from the 15, giving the Bays a 10-3 lead near the end of the quarter. The two clubs exchanged punts twice as the second quarter turned into a dog fight. The Steelers made the first bid for points when Clement pitched a strike to Davis on the Packer 8, the move covering 39 yards. The Packers then put up a mighty stand, cutting off the Steelers on the one inch line. But it was costly because both Odson and Ray were injured. Standing deep in the end zone, Jacobs got off a wobbler that was downed on the Packer 36 and the Steelers weren't denied this time. They moved to the 24 on a Clement to Compagno pass and a clipping penalty moved them to the 22 after the Bay ends and guards smeared Clement for two long deficits. On first down with 38 seconds left, Clement hit Jansante in the end zone for six points. Glamp's kick was blocked as the half ended a moment later with Pittsburgh trying an onside kickoff. That second half already has been recited.

Second Bear Contest**

SUTHERLAND SAYS: PITT BELIEF CORRECT; PACK WAS POWERFUL

NOV 3 (Milwaukee) - "The Packers are a great team - as great as any we have met this year," dignified Dr. John Bain (Jock) Sutherland, the man behind the Pittsburgh Steelers, found from the safety of a one-point victory at dusk Sunday. Green Bay, the towering ex-dentist thought, "was considerably better" than the team that lost a 24-17 exhibition to these same Steelers in Pittsburgh Aug. 29. "Their defense was improved and their passing was considerably better," he asserted with characteristic matter-of-factness. Overall, the canny Scot felt, "it was a good, hard, tough game. In fact, it was anybody's game all the way. Both teams played hard, I thought. True." he said, "they both bogged down at times - but that will ever be in football." Displaying little emotion, the phlegmatic Steeler coach went on to say, "Since they (the Packers) played us in Pittsburgh in August, we hadn't seen anything of them, but we took it for granted that we would be facing a powerful team. And after seeing them today, we found that our observations were correct." Sutherland, who left the University of Pittsburgh dental school to lead the Panthers to national honors in the 1930's, was admittedly taken with Nolan Luhn's leaping catch of a Jack Jacobs pass for the Packers' final touchdown in the fourth quarter. "That pass caught by Luhn - there is no defense for a thing like that," he emphasized, which is high tribute from one of Sutherland's stature in the coaching

profession. "We see one like that once in a while. It was a beautifully executed play." The Steeler mentor's nearest approach to outright exuberance was his, "I was very well satisfied with the play of our team. We played a good football team. I think they (the Packers) have proven that." In a black mood was E.L. (Curly) Lambeau, the Packer head coach, who was unable to conceal his deep disappointment at a defeat which well may have wreaked considerable havoc with Green Bay's 1947 championship hopes - which burned so brightly a week ago. As a result, he was forced to pin his hopes on the supposition that the other three contenders for the Western division title, the Chicago Bears and Cardinals and the Los Angeles Rams, will continue to kill each other off in the weeks ahead. Victories over the Bears next Sunday and the Cards the following weekend are, obviously, also "musts" in the scheme. Aside from the latter, the principal items are two meetings between the Bears and Rams, another between the Cardinals and Bears and one between the Cards and Eagles, which should serve to eliminate one - and possibly two - of the trio from the championship contention. Lambeau, who was nothing less than prophetic in his analysis of the Steelers a week ago, declared, "We lost our own ball game. Our penalties were big factors, and we gave them all but three points with our miscues and those same penalties. Nevertheless, we must give Pittsburgh credit for playing 60 minutes of good, tough ball," he admitted. "Pittsburgh deserved to win. We certainly don't want to take anything away from the Steelers. But," he fired, "one thing you can be sure of - you will see a different Packer club at Chicago next Sunday." Later, riding the Milwaukee Road back to Green Bay, he lost no time in plotting strategy for the Packers' perennial enemies - the Bears - interrupted only by an occasional phrase, half to himself, half to Walt Kiesling and George Strickler, who sat across from him. It was, "One measly point."...NFL Commissioner Bert Bell, who was in the stands as a guest of Art Rooney, owner of the Steelers, relinquished his spectator role long enough to report that league attendance is up 11 percent over 1946 for games including last Sunday's card, or an increase of 88,000 admissions...There was a change of air in the between halves entertainment, which featured an abbreviated contest between St. Robert and Fox Point grade school teams, St. Robert winning, 6-0. All boys were fourth, fifth and sixth graders...The smallest scout representation of the season at State Fair park, three, diagrammed the efforts of the two teams. The trio included the perennial Walter Halas, chief scout of the Chicago Bears, and Art Kreuger, freshman coach at Marquette university, another Bear representative, and Herman Ball of the Washington Redskins, who play the Steelers next weekend...For the first time during the league season, the Packers came out in their new gold uniforms - with blue numerals. Oddly enough - and this may or may not be significant - they wore them the first time in the exhibition at Pittsburgh in August - and lost...A play rarely seen in professional football - in fact, it is seldom used in the college or high school varieties these days - occurred in the third quarter when the Steelers' Slater signaled for a free catch after a booming punt by Roy (Tex) McKay. And it had an unpleasant repercussion for the Packers for that very reason. Paul Lipscomb, who failed to catch Slater's hurried signal - apparently a last second decision - and threw him to the ground, invoking an automatic 15-yard penalty...Jack Jacobs, who was on the throwing end, trotted over to congratulate Nolan Luhn on his sensational catch for the Packers' last touchdown before leaving the field in favor of Herman Rohrig, who came in to hold the ball for Ward Cuff's extra point kick...The contest marked the final game appearance of the season for the Packer Lumberjack band,

Green Bay's Canadeo Heading for a Fall

although Director Wilner Burker and his musicians did not conclude their activities for the season. They play a benefit performance for children of St. Joseph's orphanage at the Bay theater Tuesday night.

ENRAGED PACKERS OPEN STIFF PREPARATIONS FOR SECOND BEAR CONTEST

NOV 4 (Green Bay) - The Green Bay Packers today launched preparations to commit legal murder in Chicago next Sunday - and the Sunday after that. Enraged at themselves for presenting Pittsburgh an 18-17 gift in Milwaukee two days ago, the Packers are starting the second half of their 12-game schedule with blood in their eyes. They opened the week with a war session at Rockwood lodge Monday noon. The Chicago Bears, who top both divisions in points with 184, are first on the menu - in Wrigley field, Nov. 9. Next come the Chicago Cardinals in Comiskey park Nov. 16. Today, the Packers and Bears are practically right where they started from at 2 o'clock on the afternoon of last Sept. 28. They are tied together in second place, with four wins and two losses apiece - a full game behind the Cardinals who lost only one game. The Bears and Packers, both in a "must win" position, will be fighting for second place and possibly a tie for the lead if Detroit can upset the Cardinals - a distinct possibility in view of the Lions' easy 35-7 win over New York last Sunday...BEARS OFFENSIVE LEADERS: The Los Angeles Rams, who fell before the Cardinals and dropped into fourth place with three wins and three losses, play hosts to Boston Sunday. In other games, the tough Steelers are home to Washington and Philadelphia goes to New York. Despite their two losses, the Packers are one of three teams which has permitted less than 100 points. The Rams are low with 75; the Cardinals next with 82; and the Packers third with 93. Offensively, the on-rushing Bears' 184 points are tops. The Cardinals and Detroit each scored 141, Green Bay 134 and Los Angeles 133. The weekly Packer score by quarter tabulation for the first half of the schedule follows:

Tom Fritsch (64) of the Packers was in the process of blasting through center for seven yards on this play in the third quarter. On the ground in front of Fritsch is Ralph Davis (66), Packer guard. Moving in to make tackle are John Perko, (arms extended) and Frank Wydo (79). Coming up are Tackle Jack Wiley (75) and End Bob Davis (28).

PACKERS 30 24 36 44 - 134
 OPPONENTS 9 30 24 30 - 93

When Joe Glamp field goal for the Steelers in the first quarter last Sunday, it was the second scoring Packer opponents had perpetrated in the opening period since the Bears counted a touchdown in the league opener at City stadium. For comparison, here's the Bears' scoring by quarters (Bears and Packers each played six games):

BEARS	41	65	35	55	-	194
OPPONENTS	10	45	29	51	-	135

The figures indicate that both clubs are tough on their opponents in the opening period, the only difference being the extra point the Bears muffed in the opening contest. The Bears scored 88 points in the last half and the Packers an even 80...BACK INTO UNDERDOG ROLE: The Bears, in winning their last four games by big margins, averaged 32.3 points and permitted their opponents an average of 22.5. The Packers, on the other hand, averaged 22.3 points offensively but allowed their foes just 15.5 markers. The Bears' big offensive is one reason why the Packers will go back into the underdog role for next Sunday's game. Another is the Packers' performance against the Pittsburghers. The Bays were underdogs in their first three games with the Bears, Rams and Cardinals and favorites to whip Washington, Detroit and Pittsburgh. Names of nine injured Packers were posted in Coach Curly Lambeau's office at Rockwood lodge this morning. Five and possibly six of the nine will be back at full strength for the Bears, while the other three or four are doubtful and, if they can play, will be at 80 percent speed. Four Packers spent Sunday night in a local hospital and all but one was released. The fourth probably will report for practice Wednesday. All names are strictly off the record for security reasons. It's been a common practice to "clam up" before the Bear game. All drill sessions at Rockwood lodge this week are secret.

Z-55 EFFORT RUINED PACKERS IN TRAGEDY WITH PITTSBURGH SQUAD

NOV 4 (Green Bay) - Man, this is difficult to write today - especially after watching the Packers put out A-1 effort for five Sundays previous to that Pittsburgh tragedy in Milwaukee two days back. With the exception of five or six minutes, the Packers produced Z-55 effort against the Steelers, and that two point safety was only incidental to the final outcome. To be sure, it gave Pittsburgh the game in the final pointage but the Packers lost this one many times before. It was like trying to fight fire with a handful of dry ice. When the Packers finally caught ablaze in the last five minutes it was too late; the Steelers already had the jump. The Packers had one other similar league case - against Washington in Milwaukee Oct. 19. But they found their bearings early enough (the last quarter) and quickly scored 17 points to break a 10-all knot. Sunday's game might have marked the "return" of Paul Lipscomb, three-year tackle, who had a terrific time getting back into his 1945 and 1946 form this season. Lippy, who wept with disgust after the game, was out for murder Sunday, almost breaking Steeler backs in two on four occasions. But he was over-anxious one time. A Steeler tailback signaled for a fair catch of a punt, but Lipscomb, rushing in at tremendous speed, did not see the signal and delivered a tackle, an automatic 15-yard penalty on the Packers...A check of who made the Green Bay tackles showed Captain Charley Brock with nine and defensive right halfback Ken Keuper with eight. Others: Buddy Gatewood 5; Lipscomb, Larry Craig, Ed Neal, Urban Odson, Ted Fritsch 4 each; Bob Forte, Roy McKay, Jack Jacobs, Irv Comp, Dick Wildung, Baby Ray, Bob Flowers 2 each; Ed Cody, Ward Cuff, Don Wells, Ralph Davis 1 each...Packer center Brock and Pittsburgh center Chuck Cherundolo represent 22 years of National league competition, Cherundolo being in his 12th season. The two "shook" before the game since they are captains of their respective clubs...Probably the best basketball play of the game occurred in the second quarter when Tony Canadeo, back for a punt, fumbled the ball on the 7-yard line and picked it up on the first bounce for a "runback" of 9 yards. Sunday's defeat was the Packers' 83rd in league competition. Green Bay has won 210 games and tied 21. The Bays outscored their opponents, 5,179 to 2,841, since 1921...The State of Pennsylvania now possesses two big upset victories on successive Sundays. On Oct. 26, the Philadelphia Eagles trimmed the Los Angeles Rams, 14-7, and you know what happened last Sunday.

BEARS FORGET PACKER GAME TO LAUD MCAFEE

NOV 4 (Chicago) - George McAfee, who never had been able to attain his pre-war gloss, was the hidden ingredient which made the Chicago Bears' long homeward ride from Boston, ending just before the dinner hour yesterday, a pleasant one. Even the traditional climax of the Bears' home season with the Green Bay Packers, coming up for decision Sunday, took second place to the parading of the McAfee admiration society. It was this veteran who played a vital, unsung part in Sunday's last ditch victory over the Boston Yanks when two quick touchdowns were required...START WORK FOR PACKER GAMES: George caught two passes in the first touchdown drive. The next time the Bears had the ball, old One-Play chipped in with a 12 yard sprint, a major contribution in the pursuit of the winning touchdown. Later he returned a punt 21 yards to the Boston 34, from where the Bears might have tallied again, but for the purpose use of safety first tactics. The Bears' coaching corps went immediately to club headquarters on W. Madison st. after arrival, to prepare for the opening of drills this morning in Wrigley field, Sunday's battle will be the 59th between the Bears and Packers and will give the Wrigley field residents a chance to move into second place in the west by dispatching their opponents, who beat them earlier in the season at Green Bay, 29-20.

JOHNNY MASTRANGELO (65), former Notre Dame star, hauls down Tony Canadeo (3), Green Bay Packers' ball-carrier, on the Steelers' six-yard line in the second quarter of yesterday's grid game at Milwaukee. He made just one

yard. Charley Seabright (33), Paul White (42) and Charley Mehelich (55) also are in the play. The Steelers won, 18-17, to retain their Eastern Division lead and topple the foe off the Western Section perch.

Packers Study Bears' Open Air Book

Canny Catcher

Ken Kavanaugh, Bears' 6 foot 3 inch end, will be an important target which Chicago passers will attempt to hit in game with Packers in Wrigley field Sunday.

PACKERS STUDY BEARS' OPEN AIR BOOK

NOV 5 (Green Bay) - The Chicago Bears' offense is an open book. So the Green Bay Packers are doing a little reading this week - on the practice field, that is. The Bears have scored 17 of their 27 touchdowns by passing - a terrific amount for the once-glorifiers of run-em-into-the-ground football. Their offense is wrapped into one man's arms. It belongs to Slingin' Sammy Luckman - with due respects to Mr. Baugh. Luckman already has thrown more touchdown passes that he ever did in one season, 15, and he's the leading the league's passing parade by a healthy margin. He has completed an even 100 passes in 175 attempts, but 16 of his throws have been intercepted. The Packers have three ways of stopping Luckman's throwing: (1) interception; (2) knocking the ball away from the intended receiver; and (3) rushing Luckman so that he won't be able to throw. Green Bay used all three methods with a fair amount of effectiveness of stopping the Bears, 29-22, at City stadium last Sept. 28. The Bays intercepted five of Luckman's pitches, the item on which Bear Coach George Halas blamed defeat. In six games, the Packers came up with 12 interceptions. Besides five in the Bear tilt, they got three off the Cardinals and two each off Washington and Detroit. No interceptions were recorded in the Ram and Steeler games. Bob Forte and Jack Jacobs leads the Bays with three each, with Jacobs getting two in the Bear game. At this early period of the week the game looms as a battle between the Packers' pass defense and the Bears aerial attack. Green Bay has allowed an average of one touchdown by passing in their first six league games. The Rams and Cardinals failed to count a six pointer by throwing on the Bays, while the Bears and Detroit each got two and Washington and Pittsburgh one each. Here are the touchdowns Green Bay permitted by throwing: BEARS - Luckman to Jim Keane, 11 yards, second quarter; Luckman to Keane, 15 yards, fourth quarter. WASHINGTON - Sammy Baugh to Jim Lookabaugh, 6 yards, second quarter. DETROIT - Bill Dudley to Ralph Heywood, 10 yards, third quarter; Roy Zimmerman to Pete Kmetovic, 41 yards, fourth quarter. PITTSBURGH - Johnny Clement to Val Jansante, 22 yards, second quarter. Only two of the scoring passes were caught in the end zone - Lookabaugh's and Jansante's. The Pittsburgh end's catch came with only 38 seconds left in the first half. The "ringer" of the lot was Zimmerman's pitch. It was a 10-yarder but former Philadelphia Eagle Kmetovic danced 31 yards into pay dirt. Luckman has been stopped in only one game - the 30-7 loss to the

Cards. Then he started like a Baugh, pitching three each in the Philadelphia, Detroit and Washington games and four last Sunday against Boston...The Packers announced their intentions for next Sunday when they requested an extra session of practice Tuesday morning. Coach Curly Lambeau immediately consented even though Tuesday is normally a light day. They spent the extra time in drilling pass defense. Several old Bear plays were used and all of the backs got the chance to knock down or intercept Luckman aerials thrown by Irv Comp and Jacobs. The Bays went through a bit of rough stuff today, although the heavy scrimmage session may be out this week because of injuries; Nine of the Packers are bothered with hurts and three of them are serious. Inside business this week include showing of movies of the 1947 Bear opener, the Pittsburgh game and possibly some of the 1946 contests.

BEARS' STRATEGY BOARD TACKLES PACKER STRENGTH

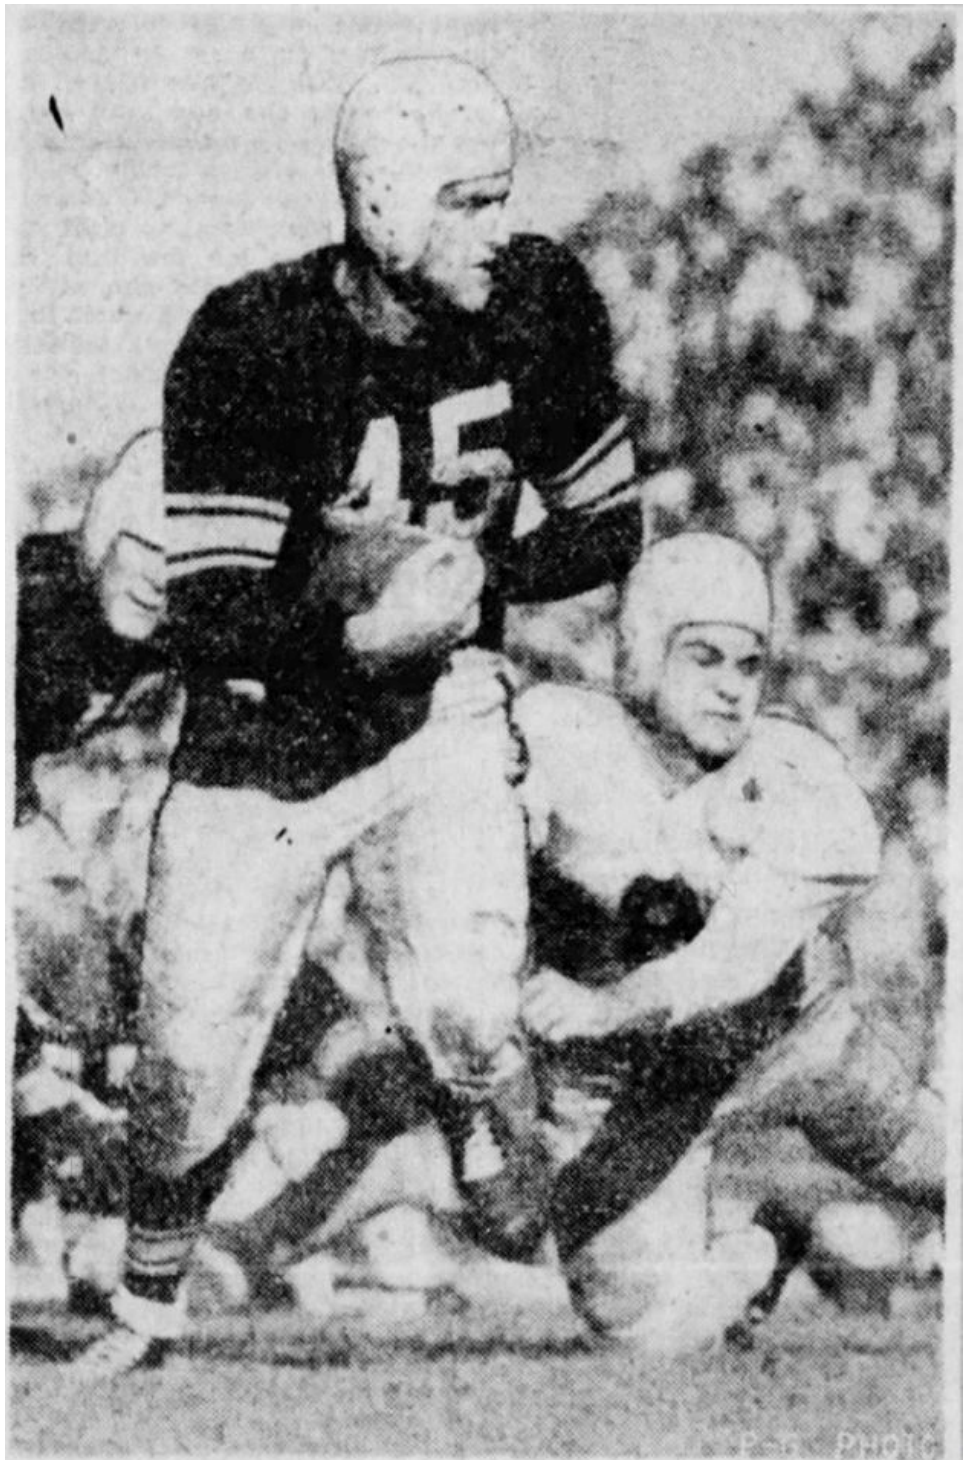

NOV 5 (Chicago) - You'll have to wait for Sunday morning's sports sections to read starting lineups for the Bears vs. Packers battle Sunday, that annual delightful November get-together in Wrigley field. Until then, the Bears' invisible lineup will be operating - George Halas, Luke Johnsos, Hunk Anderson, Paddy Driscoll, Gene Ronzani and George Wilson - six fellows who were once in Bear Sunday lineups. Under this six man coaching staff, th3 1946 NFL champions yesterday worked 90 minutes on defense and 30 minutes on offense. Then the coaches, after grabbing a quick sandwich, convened in the club offices on Madison st. for an afternoon session. They were back at work last night, well launched on the grand strategy to be employed against the team which whipped the Bears earlier in the year at Green Bay, 29 to 20...WEEK'S WORK SCHEDULE: This is the schedule for the rest of the week: Today - Regular practice in Wrigley field. Afternoon coaches meeting. Night meeting with the players. Thursday - Regular practice, plus those inevitable afternoon and evening conferences. Friday - Regular practice, afternoon confab with the players, and another night session restricted to the coaches. Saturday - Brief drill, with every one on call for unfinished business. Such a rigorous schedule is the real story behind the consistent success of the Bears, who cover every angle that might arise, when these two teams meet...STRATEGY SIX GO

TO WORK: At the kickoff, the strategy six, just as surely as the players, take up positions. Up in the stands go Wilson and Johnsos. Wilson, like Ronzani, a junior or freshman coach, carried field glasses with him. From a high perch it is Johnsos' responsibility to find defensive flaws which can be transformed into Bear touchdowns or long gains. All the time Johnsos is in direct communication with Driscoll, who is sitting on the bench and equipped with earphones. Sitting next to Paddy is Ronzani, a very sharp young brain truster, who filled in admirably as a Bear war time quarterback, though this post-dated his retirement as a player. Ronzani and Driscoll coordinate the information from their second story colleagues. Sometimes a diagram, perhaps notes, is necessary. These are handed to Halas, who is the last man on the play assembly line...ANDERSON ON BENCH, TOO: Also on the bench, or squatting near the sideline in tense situations, is Anderson, the champions' master of line play. It is his job to analyze the defensive setup - to find out where the different linemen play, to decide which spots are vulnerable for running plays, and the type of blocks to be used.

PACKER-STEELER GAME 2ND GUESSERS' PARADISE

NOV 5 (Milwaukee Sentinel-Lloyd Larson) - That Packer-Pittsburgh battle, one of the toughest and most interesting local pro history, was a second guessers' paradise as well. They're still talking and still asking questions. The chief topic, of course, is Green Bay's ill fated pass attempt which the Steelers turned into a safety and ultimate victory by the skinny margin of one point, 18-17. The Packers still had about 14 minutes to

overcome a six point deficit. So why did they flirt with disaster by calling the play? No one knows for sure, but the call very likely was based on two things: 1 - The possibility of taking the Steelers by surprise and going for big distance, if not all the way; 2 - confidence in Jack Jacobs' ability to avoid interception or throw a ball away in case of a terrific rush, if he failed to spot a receiver. Although my choice would have been anything but a pass in that spot, I wouldn't find fault with anyone who was thinking under fire and was doing what he believed could help win the game. We must all remember that the pros live by the pass and, on occasions, will die by it, as the Packers did. Granting pros the right and ability to try the unorthodox, there's still another question: Why didn't Jacobs ground the ball in the field of play when he saw he was trapped?...CALCAGNI WINNER IN GAME OF TAG: From high up in the press box, it was no Jacobs' brainstorm. It looked like he had a very good chance to use the goal posts as stationary blockers and get away from the rushers for an

Bob Cifers *(45), former Tennessee star, fails to gain for Steelers in second quarter line plunge. Lunging to make tackle is Bob Forte (8) of the Packers.

unmolested pitch or run if his receivers were covered. Maybe the posts obstructed Jacobs' view. Maybe he was outguessed in the game of "tag". At any rate, out of nowhere shot that 235 pound Ralph Calcagni, Pitt tackle, to spill him just when it seemed certain he was in the clear. It all happened so fast that Jacobs couldn't have had time to change his mind and get rid of the ball. Oh, that's not all. Out of the game came other brow wrinklers which will be the subject of heated debate for a long time to come. Why didn't the Packers go for another touchdown instead of a field goal in the first quarter when they were ahead, 7-3, and were six yards from the goal line on fourth down? They probably figured to take three practically sure points and stay ahead by a full seven in the belief that they could at least match the Steelers touchdown for touchdown the rest of the way - so easily had they moved the ball up to that point...WHY NOT A THIRD QUARTER FIELD GOAL?: If the Lambeau men elected to try a field goal from the six, why did they go for the first down and fail near the 10 yard line in the third quarter? The probable reasoning: They led by only 10-9 in the third quarter and a field goal, therefore, wouldn't be enough to balance a possible Pittsburgh touchdown. Why that dangerous third quarter flat pass which Tony Campagno intercepted and turned into a touchdown to give the Steelers the lead for the first time? The same pass gave the Packers the first score of the game and - well, you know how teams rely on a play that works. But just between us, something safer is preferable when you're still ahead. Even on the opening pitch which turned out so well, Clyde Goodnight was pretty well covered. Anything but a perfect pass from Jacobs would have been dynamite...PACKERS LOST TO A GREAT CLUB: Replay the game and win it for the Packers to your heart's content. But don't forget the home boys ran into a terrific ball club - slightly anonymous, but the hardest running, blocking and tackling outfit ever seen here. What's more, the Steelers play as a TEAM, they were in great condition and had spirit to the nth degree. All of which is a great tribute to Jock Sutherland, the dour Scot who once was the University of Pittsburgh's Mr. Big.

Packer, Bear Statistics Figure Up to Nothing! It's One Hopeless Task

PACKER, BEAR STATISTICS FIGURE UP TO NOTHING! ITS ONE HOPELESS TASK

NOV 6 (Green Bay) - With permission from hizzoner, Mayor Dominic Olejniczak, let us proclaim this sixth day of November, 1947 as Figger Filbert Day. It is the day when all good Green Bay Packer fans and the minority of Chicago Bear rooters look over the statistics and decide by their own arithmetic which team will win the 59th annual collision of the two deadly rivals in Chicago's Wrigley field Sunday. So be it resolved, whereas and what not, let us proceed: The Packers and Bears each bettered a mile in passing and rushing yardage, the Bruins holding a 2,377 to 2,005 edge. So if the winner was decided on yardage the Bears would cop by about 150 yards to 10. The Packers boast a better running attack than the Bears - on the basis of yards rushing. Green Bay gained 1,292 yards while the Bears picked up 786 over the soil - difference of 506 yards. In passing, where the Packers once outshot everybody, the Bears have gained 1,590 yards compared to Green Bay's 713. The Bears are pretty hot shakes, offensive, having outscored the Packers by 50 points in six games - 184 to 134. Chicago counted 27 touchdowns and the Packers got 15. Nine of the Bays' touchdowns came by running and six by passing, while the Bears got 17 of their TDs by passing...BAYS SHINE ON DEFENSE: Defensively? That's where the Packers shine. They have allowed a total of 1,712 yards by rushing and passing compared to the Bears' 2030. The Packer pass defense permitted 830 yards against 1302 by the Bears. That takes care of the "straight" football figures. Football is generally a game of breaks, and fumbles and penalties contribute to the so-called breaks. Each club is guilty of fifteen fumbles, but the Packers forced their foes to fumble 17 times and the Bears 14. Both teams are guilty as sin in the penalty department - the two clubs receiving a total of 1120 yards on penalties. The Bears are the worst. They have been nicked 64 times for 591 yards while the Packers are comparatively innocent bystanders with only 529 yards on 59 errors. If you're a Bear fan, it can be reported that the Bruins hold first, second and third place in the NFL's penalty records. The 1944 Bears, in watching the Packers win the championship, shattered everything and obviously everybody's jaw in amassing a total of 121 penalties for 1,025 yards. The 1946 Bears were penalized 104 times for 940 yards and the 1942 Bears got 905 yards on 99 penalties. At the rate the 1947 Bears are making the officials toot their horns, they'll break their own all-time penalty marks...NOTHING WORKS IN PRACTICE: If you still can't figure out the winner, take a peek at the Figure Filberts table in a nearby column. If you still can't figure the winnah, take a guess. Anyhow, it must be stated that statistics don't mean a thing because the winner will be the team with the most points. On the Rockwood lodge practice field, the Packers put in a rugged time

Wednesday as there seemed to be nothing that worked offensively. Because of injuries, no tackle scrimmage is set for this week although the players wore their pads and helmets. Two workouts are being held every day this week as well as night meetings. The Packers have nine injured players and one, tackle Urban Odson, probably won't see any action against the Bears. He injured his leg in the Pittsburgh game. There is some indication Bruce Smith, hurt in the Detroit contest, will play part of the game. With the exception of Odson and Smith, the other injurees all will see considerable action.

INDIAN JACK JACOBS, CHIEF BEAR TAMER, PACKERS' HOPE

NOV 6 (Chicago) - Chicago fans haven't seen much of Indian Jack Jacobs, sometimes called the Blanket. But on the next two Sunday afternoons Indian Jack will be working in Chicago, the first time against the Bears in Wrigley field, the second against the Cardinals in Comiskey park. The Blanket will be one of the Green Bay Packers' leading delegates and what he does, or doesn't do, will have a vital bearing on resolving the still troublesome puzzle: Who's going to win the National league's western division title? It was Jacobs' all-around play which tumbled the Bears in Green Bay, 29 to 20, last September, when he made his Packer debut after bench roles with the Redskins and Rams. In this one he threw two touchdown passes, intercepted three Chicago aerials, and punted five times for an average of 50 yards...**FOOTBALL'S HARDEST TACKLER:** "No doubt that Jacobs has been making our club go," were the preliminary words yesterday of George Strickler, the Packers' assistant general manager and publicist. "We don't think there's a harder tackler in football. Folks up in Green Bay still are talking about his vicious tackle which broke Steve Bagarus' leg. The Ram halfback was coming up the field and he went high in the air as Jack hit him, then was caught much like a baseball by our own Charley Brock. Bagarus wound up on the bottom of the pile, but declares his leg was busted from Jacobs' impact." In that same game, continued George (this is a condensed version), Jacobs tackled Fred Gehrke near the sideline and when they bounced against the Rams' bench, Jack still had a firm hold on his man...**NEVER GET HURT:** Coming home from the Packer defeat last September, some of the Bears wondered out loud if Jacobs could stand up under an offensive-defensive role which keeps him in a game most of the time. The Blanket has little upholstery on his rangy frame and looks like a fine candidate for his team's trainer with such large fellows continually bearing down on him. But he hasn't been hurt all year.

On punts he moves out of the safety spot and lets such fleet backs as Tony Canadeo or Herman Rohrig wrestle with the kicks. The Green Bay ambassador announced that Bruce Smith, the Minnesota dandy who suffered a shoulder injury in the Detroit game two weeks ago and was held out Sunday in the 18 to 17 loss to Pittsburgh, will be ready to rumble. In fact, the only doubtful player is Urban Odson, the large tackle, who suffered a leg injury against the zealous Steelers.

1935 Last Time Pack Beat Chi-Bears Twice

1935 LAST TIME PACK BEAT CHI-BEARS TWICE

NOV 7 (Green Bay) - The Green Bay Packers are getting a bit touchy. So the safest and driest place (it's raining, anyway) seems to be right behind this typewriter in Green Bay which is located 16 miles south of Rockwood lodge - the Packers' training camp. Closing out stiff drills today, the Packers are getting in something of a steam-heated (did you ever get burned by hot steam!) mood for their 59th tussle with their hated rivals, the Chicago Bears, in Wrigley field Sunday. So, without

weaving a red flag on the Doings of Rockwood, let's turn back the calendar. Take 1935, for instance. That was the last year the Packers made the Bears holler, "Uncle Curly" twice in the same season. However, the Packers had to yell "Uncle George" twice on three different years - 1940, 1942 and 1946. The twin-Packer uprising of 1935 signaled the arrival of Don Hutson, then a rookie out of the University of Alabama, who went on to roll up 825 points on 105 touchdowns, 174 points after and seven field goals in 11 years of Packer action. Hutson's first three touchdowns were among the most valuable. Green Bay fans will never forget because Don scored it at City stadium in 1935. It was on the first play from scrimmage that Arnold Herber pegged a long strike to Hutson, who raced about 50 yards for the only touchdown of the game, giving the Packers a 7-0 victory. The play covered 85 yards. Then came the second edition in Wrigley field. The Bears held a 14-3 lead with only two and a half minutes left, and the fans started to leave their seats. Then it started to pop. Herber and Hutson combined on a 60-yard aerial touchdown play, with Don outlegging and side-stepping six Bears along the way. There was about a minute left when the Packers kicked off to the Bears. On the first play Bernie Masterson fumbled and Ernie Smith recovered for Green Bay on the Bear 12. George Sauer lugged it to the three and on fourth down Hutson danced around Keith Molesworth and into the end zone with a Herber pass. Tar Schwammel kicked the field goal that spelled the 17-14 difference in the first quarter. The 1947 Bears, who are passing 80 percent of the time, and the 1935 Packers would probably team up for the passing game in pro history. But the 1947 renewal Sunday may not be too far off, although there won't be any Hutsons around - and probably never will be...PACKER ATTACK UNCERTAIN: Passing generally plays an important role in a Bear-Packer game. In the Packers' 29-22 victory here last Sept. 28, four of the six touchdowns were scored by throwing, each club getting two. Jack Jacobs pegged to Nolan Luhn and Bruce Smith for the Bay counters and Sid Luckman pitched to Jim Keane twice for the Bear TDs. Bob Fenimore and Jacobs scored on the ground. Passing can be bitter, too. The Bears are well aware of that because the Packers intercepted five of Luckman's throws that day and two others were recalled. And last Sunday, when Boston almost whipped the Bears, three of Luckman's passes were intercepted. One thing is certain Sunday: The Bears will pass. The uncertain thing is the Packer attack. Green Bay's ground machine is still topping the league despite its 125 yards last Sunday off Pittsburgh. Remember, it was the Packer rushing crew that sealed the Bears' doom in the opener - 65 yards in the last four minutes for a TD!

LUCKMAN CREDITS MATES (NATURALLY) FOR PASSING SUCCESS

NOV 7 (Chicago) - Sid Luckman, the Chicago Bears' "Mr. Quarterback", who threw 23 touchdown passes for a NFL record in a 10-game schedule in 1943, is throwing touchdowns again in wholesale lots, but he gives credit for his success to his teammates. The veteran Bears' passer, who already has tossed 15 scoring passes in six games, said his mates were giving him "the greatest protection I've ever had in my football career." "They're protecting me so completely," Luckman said, "that I have plenty of time to spot my receivers. Not only that, but the receivers themselves have plenty of time in which to make their fakes and to shake off the defenders. That sets them up as better targets." The former Columbia star's next assignment will be against the rough and tumble Green Bay Packers Sunday at Wrigley field. He had his poorest day of the season when the two teams met earlier at Green Bay and seven of his passes were intercepted . (Two were recalled.) Luckman has six more games to bag 14 or more scoring passes to break his 1943 mark. He is also well on his way to establishing a new mark for yards gained by passing in a season. He holds the present record - 2,194 yards, set in 1943. Thus far this season, his aerials have gained 1,470 yards. Still, another mark is within his grasp - the most passes completed in one season. Cecil Isbell, formerly of the Green Bay Packers, holds the record of 146 in 11 games, set in 1942. Luckman has completed 100 passes so far.

BABY RAY HAS 'CHAMPIONSHIP' KNEE; IT WORKED BACK IN 1944

NOV 7 (Green Bay) - Big Baby Ray looked at his knee and then at Packer Trainer Bud Jorgenson. "Maybe it's a good omen, Bud," the giant tackle remarked as Bud rubbed the swollen mass of flesh. "I haven't

had that knee worked on since we won the championship in '44," he added with a serious look. If the Packers title this year, as Ray is convinced "we can do" maybe it could be arranged to damage that knee just once every season. Baby received the injury in the Pittsburgh game but will be ready for fury against the Bears Sunday.

FAVOR BEARS OVER PACKERS

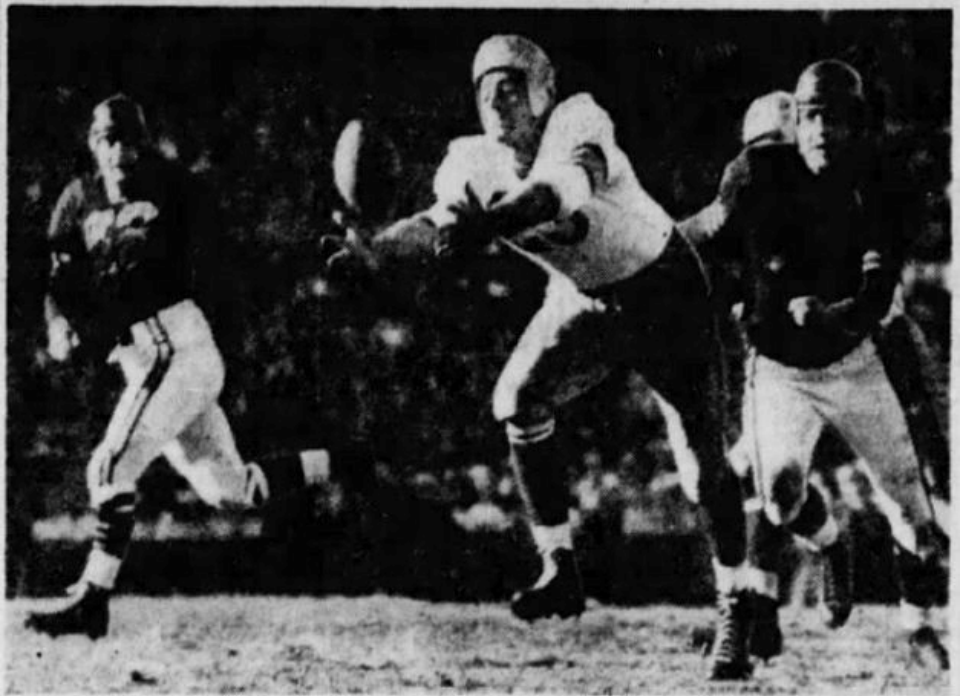

NOV 7 (Green Bay) - Three factors have made the Chicago Bears a touchdown favorite over the Green Bay Packers when the two National league elevens line up at Wrigley field, Chicago, Sunday for their second meeting of the year. 1 - Bruce Smith, hard running halfback, probably won't break into the Bay lineup. 2 - Neither will Urban Odson, who was injured in the first half of the Packers' clash last Sunday with the Steelers at Milwaukee. 3 - The Bears will be playing at home. But here in the Packer realm, Coach Curly Lambeau and Co. can't forget that 29-20 wallop they dealt the Bears in their first meeting and are confident they can do it again. Paul Lipscomb is the probably Odson replacement and Irv Comp due to draw the starting assignment in Smith's place. Other players on the crippled list include halfback Jim Gillette, pulled muscle; halfback Tony Canadeo, pulled muscle, and halfback Red Keuper, bruised leg.

BEARS FAVORED TO WHIP PACKERS DESPITE LOSS

NOV 7 (Chicago) - It makes no difference to the so-called football-wise operators that the Green Bay Packers whacked the Chicago Bears five weeks ago in Wisconsin. When the two old rivals collide Sunday with Wrigley sold out and overflowing with standees, the Bears will be 7 to 10 point favorites. The boys who take the bets will start quoting the figures today.

Perhaps they've been reading the National league record book. The Packers have been whipped six straight times on the north side gridiron. In fact, they've won only two of the last 10 games against the Bears in Chicago...GREEN BAY WON IN '38:

Back in 1938, the Packers were victorious in Wrigley field, 24 to 17, but the Bears lost four other times that season, Green Bay taking the western title. In 1939, the Bears won, 30-27, but the Packers took the divisional crown, anyway. The next year the Bears finished on top, 14 to 7, and beat out Green Bay for the title, which led up to the 73 to 0 conquest over Washington in the playoffs. Then came 1941. The Bears were sailing along with perhaps the greatest team in pro football history when they came a cropper, losing to the Packers, 16 to 14. This necessitated a playoff for the western honors and the Bears won, 33-14...STARTS

The picture above reveals a confusing circumstance that the Green Bay Packers may have to figure out when they meet the Bears in Chicago next Sunday. It shows Boston Yank Sam Goldman (23) trying to intercept a pass thrown by Bear Sid Luckman (42). Behind Goldman is Mike Holovak, Bear fullback. The confusing part is this: What is Pitcher Luckman doing over there so close to the intended receiver who apparently was Holovak, and since when did Bear fullbacks start catching passes. For further details, read next Monday's Press-Gazette sports pages.

VICTORY STRING: That one started a string of six straight victories in Chicago for the Bears. In 1942 they routed the Packers, 38 to 7. It was 21 to 7 in '43 when the Bears won in the west with a mediocre squad, then tipped over the Redskins, 41 to 21, for the championship. In 1944 the Packers won the western division title despite a 21 to 0 loss to the Bears. The next year the Packers were racing Cleveland and Detroit for the top spot when the Bears stunned them, 28 to 24, after having lost their first five league games. Last November the Bears won, 10 to 7, the victory margin being Monk Maznicki's field goal.

PACKERS 14-POINT UNDERDOGS

NOV 8 (Chicago) - The bitterest rivalry in football reaches a new high for intensity and importance tomorrow when the Chicago Bears, defending world champions, meet the Green Bay Packers, ranking contenders, in the 59th game of their 26 year old series. In the memory of the oldest observers hereabouts, no Bear-Packer game has created the excitement and interest that surround this one. Tickets have been at a premium for weeks. Coach George Halas and his club have been waiting for this game since they dragged themselves off the City stadium field in Green Bay last September 27 beaten, 29 to 20. The Bears regard tomorrow's game as the championship tussle in the Western division of the National league, despite the fact that the Chicago Cardinals lead both the Bears and the Packers by a game and are not apt to surrender first place

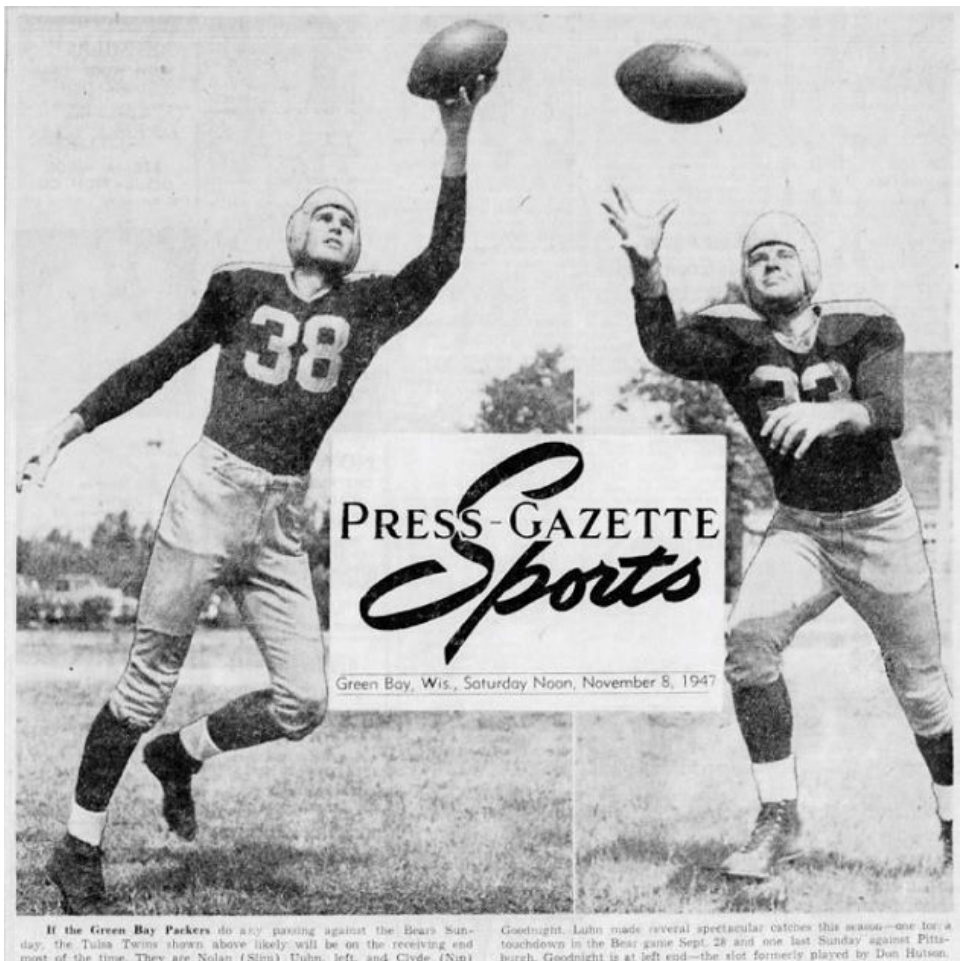

this weekend. The loser tomorrow will be saddled with three defeats, a deficit which figures to be insurmountable in the remaining five weeks of the schedule. Green Bay enters the game with little going for it except its own desire for victory and willingness to battle odds. The Bears have been installed a 14 point favorite, principally on the fact that they have won their last four starts, while the Packers were sloughing off a game to Pittsburgh last week, 18 to 17.

HALAS MOVES ON SCALPERS; BUYS UP BEAR TICKETS

NOV 9 (Chicago) - George Halas, owner-coach of the Chicago Bears last night, said he would continue to wage his battle against ticket scalping on home games in Wrigley field for the remainder of the season. Halas made the announcement after a group of private detectives had repurchased tickets from a dozen agencies for the Bears' game against the Green Bay Packers tomorrow afternoon. Halas declined to reveal the number of tickets involved this far or the amount of money expended in the drive, but promised a complete report at the end of the season. Halas also said he would turn over all facts of the investigation to the office of the collector of internal revenue if requested. The Bears' office keeps a list of names of all purchasers of reserved seats. Persons who originally bought the tickets which Halas purchased from the speculators will not be given any consideration for future games, it was said. The private detectives will visit the agencies preceding the Bears' other home games, with Pittsburgh Nov. 24; the Los Angeles Rams Dec. 7, and the Chicago Cardinals Dec. 14.

UNDERDOG PACKERS INVADE CHICAGO FOR 59TH BEAR CONTEST

NOV 9 (Green Bay) - The Green Bay Packers and the Chicago Bears square off for the 59th time Sunday. Wrigley field in Chicago will be the scene of professional football's greatest and bitterest rivalry, and upwards of 46,000 persons, including nearly 4,000 from Green Bay, will serve as witnesses. The Packers, strange as it may seem, will be underdogs. The Bears have been picked to win by 10 to 14 points despite the Packers' 29-20 victory over their hated rivals in the NFL opener here last Sept. 28. The pickers apparently are swayed by what happened after the opener - especially the turn of events last Sunday when the Packers fell before Pittsburgh, 18-17. After losing to the Packers, the Bears fell before the Chicago Cardinals, 30-7, but then went wild, as they averaged 38 points in rolling over Philadelphia 40-7, Detroit 33-24, Washington 56-20 and Boston 28-24. The Packers followed the Bear win with a 17-14 upset of Los Angeles, dropped a 14-10 heartbreaker to the

If the Green Bay Packers do any passing against the Bears Sunday, the Talmi Twins shown above likely will be on the receiving end most of the time. They are Nolan (Slim) Uuhn, left, and Clyde (Nip)

Goodnight, Luhn made several spectacular catches this season—one for a touchdown in the Bear game Sept. 28 and one last Sunday against Pittsburgh. Goodnight is at left end—the slot formerly played by Don Hutson.

Cardinals, and then locked Washington, 27-10, and Detroit, 34-17, before losing to Pittsburgh. Green Bay entered the Bear, Ram and Cardinal games as underdogs, but they were favored to beat Washington, Detroit and Pittsburgh. Oddly enough, the Bays lost the third tilt of each three game set. As usual, the heated struggle will have a tremendous bearing on the team's fight in the National league since the clubs are locked in second place one game behind the pace-setting Cardinals who risk their position Sunday against the pesky Detroit Lions...BAYS OFFER NO ALIBIS: The Bears will toss a 30-point offensive average at the Packers, while the Bays will counter with their 15-point defensive average. The Bays' total offense breaks down to 22-odd points and the Bear defensive average is 22.6. The Packers enter Sunday's fray below their normal strength but they are offering no alibis. Tackle Urban Odson is expected to remain on the bench with an injured leg from the Pitt game, while Bruce Smith, left halfback, will be used sparingly, if at all. Six other Packers have minor hurts. In seeking their second clean sweep of the Bears since 1935 when Don Hutson ran wild as a rookie, the Packers are expected to stick fairly close to the ground although quarterback Jack Jacobs will be ready and able to pass at any time. Incidentally, Jacobs had a sore arm most of this week but will be ready to pitch. The Chicago Bear attack is limited, so to speak, to Sid Luckman's passing. The Bruins have scored 17 of their 27 touchdowns by throwing, with Luckman hurling for 15 - 12 in the last four

games...INTERCEPT LUCKMAN PASSES: The Packers, defensively, expect to stop Luckman by intercepting his throws or rushing him off his feet. The Bays grabbed five Luckman aeriels in the opener here, and they're looking for more next Sunday. Luckman is expected to throw 40 to 50 passes since he pitched 46 in the Boston game. The Packers' giant line, which dented the Bear wall effectively in the opener, will be undoubtedly the key to a Bay victory. The forwards faltered somewhat in the Pittsburgh game and the result was that the Packer running attack fell below par and the Steeler rushing machine was above par. The Packer line, hampered by the loss of Odson, got something of an extra shot by the return of Paul Lipscomb, giant tackle, to his old form. Down to his normal weight, Lippy is expected to cut loose against the Bears...MCAFEE BACK IN FORM: The bulk of the Packer running attack will be divided between left halfback Tony Canadeo, second in ground gaining in the Western division, and one or two of the Packers' three fullbacks - Ted Fritsch, Walt Schlinkman and Ed Cody. The fullback trio totaled only 29 yards against Pittsburgh, while Cody got 113 alone against Detroit the Sunday before. In the first Bear game Fritsch made 99 yards. The Bear running game has been bolstered by the return to form of George McAfee, whose rushing and pass catching helped the Bears to their last-minute win over Boston. Green Bay will leave on the Milwaukee Road Chippewa this evening and return on the same train Sunday night. They'll headquarter at the Knickerbocker hotel.

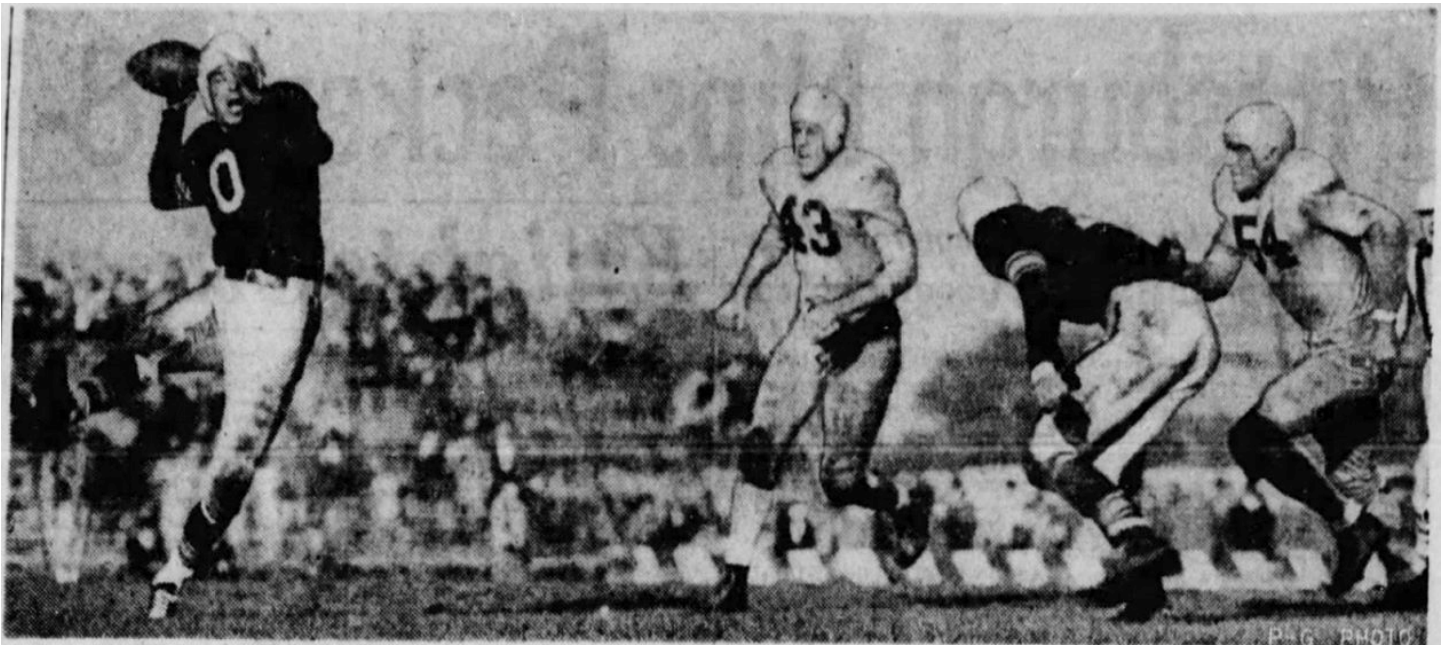

IT'S BEARS BY AIR, PACKERS ON GROUND TODAY

NOV 9 (Chicago) - Fellows like Cecil Isbell, Arnie Herber and Don Hutson used to be the hub of Green Bay's attack with spectacular throws and catch tactics against the bruising running game of the Chicago Bears, but it will be the reverse in Wrigley field this afternoon when these two giants of professional football collide in No. 59 of a series which began in 1921. Today it will be the Packers' power against the Bears' forward passing finesse, which has brought the defending National league champions 15 touchdowns in four consecutive victories following losses in the first two games of the season. Sid Luckman was the arm on 13, with Nick Sacrinty pitching the other two. The old gridiron feudists come up to this scramble with identical records - four triumphs and two setbacks. It wouldn't have to be that vital to draw a full house in the home of the Cubs because this long has been the Bears' big show regardless of the standings. With field seats and standing room the crowd will be in the neighborhood of 47,000, with receipts in excess of \$100,000...BEARS HOLD SERIES EDGE: The Bears have won 31, lost 22 and tied five in the 26 year old competition, but there hasn't been a deadlock since 1943. Last September, the Packers whacked their playmates in Green Bay, 29 to 20. Then the Bears were jolted by

the Cardinals, Facing quick elimination from the western division race, they righted themselves to whip Philadelphia, Detroit, Washington and Boston. The Packers stumbled against the Cardinals, 14-10, and last Sunday were upset by Pittsburgh, 18 to 17. The Bears will go into action anywhere from 7 to 10 point favorites on the strength of their four-game winning streak and the history of their top-heavy superiority against the Packers in Wrigley field. It is in Chicago today and next Sunday that the Packers' championship ambitions will succeed or fail. They'll be back a week hence for a second showdown with the high flying Cardinals. Today's victim may fall two full games behind the Cards, who are expected to dispose of Detroit, though perhaps not as easily as on Sept. 28 when the Lions were defeated, 45 to 21...PACKERS PASS, TOO: The Packers kept Luckman and his talented receivers under control in the game at Green Bay. They intercepted five of the man's passes, which stopped that many rallies. Green Bay does a bit of passing itself with Indian Jack Jacobs on the pitching end. But the Packers have surprised one and all with their switch to a running offense, with such citizens as Ted Fritsch, Walt Schlinkman and Ed Cody supplying the power while Bruce Smith, Tony Canadeo and Herman Rohrig do the fancy running. The Packers have tried 260 running plays to the Bears' 189, but only 99 passes to their opponents' 204. These tactics have netted the '46 champions 27 touchdowns to 15 for Green Bay, which might explain, too, why the Bears are favorites. Green Bay is far out in front in all types of kicking. Jacobs can outpunt any Bear. Ted Fritsch is far superior in the kickoff department.

Underdog Packers Invade Chicago for 59th Bear Contest

Johnny (Johnny Zero) Clement, leaps to throw pass for Pittsburgh first down in the second quarter of the Packer-Steeler game at State Fair park in Milwaukee Sunday. Hurrying his toss are the Packer ends, Don Wells (43) and Larry Craig (54). Packers lost, 18-17.
